

CITY OF SLIDELL

RECYCLING RESUMES WEDNESDAY JULY 1st

We are pleased to announce that effective Wednesday July 1st, we will resume curbside recycling on your regularly scheduled recycling day which happens to be Wednesday inside the city limits of the City of Slidell. You will also continue to receive 2x per week garbage collection.

As we resume curbside recycling in your area, we would like to ask everyone to please only place items that are recyclable in your recycling cart or bin. Please **DO NOT** place plastic bags, glass, #3 - #7 plastics with your recyclables. These items are considered residual waste. Unfortunately, any recycling cart or bin that contains items that are not recyclable will have to be left down and dumped with your garbage on your next service day for garbage. Please click on the link below to view items that are recyclable and items that are not recyclable. We also encourage you to view the infomercial to learn more about items that can be recycled and those items that can't be recycled.
